

# Stations Will Hold Open House

The Los Angeles County Sheriff's Department will hold its seventh annual open house Saturday between 10 a.m. and 4 p.m., Sheriff Peter J. Pitchess announced today. Pitchess urged all citizens of the county to visit one of the 14 sheriff's sub-stations and see how his department works.

The open house event is co-sponsored by the Los Angeles Junior Chamber of Commerce and the sheriff's department. Guided tours and special exhibits will be featured at all sheriff's stations in the county, Pitchess said. Stations serving the Southwest area are the Lennox Station, 4331 Lennox Blvd., and the Firestone Station, 7901 S. Compton Ave.

# Federal Payments Suspended

Persons receiving federal unemployment insurance benefits are being notified by the California Department of Employment that payment of benefits has been temporarily suspended.

Payments will be resumed when additional federal funds have been authorized.

Federal claimants, former federal civilian employees, and former members of the armed forces should continue to report and certify unemployment in the usual manner, according to Murray Love, manager of the Torrance office of the Department of Employment. Persons who do not report regularly will be ineligible for back payments when funds are available.

California unemployment insurance benefits are not affected, Love said.

# Suspend License Of Bar

SACRAMENTO—The state Department of Alcoholic Beverage Control has ordered the revocation of the on-sale beer license of Bernice B. Willingham, the Playmate, 20706 S. Normandie Ave., on a number of charges.

The revocation takes effect Nov. 30. The licensee was charged with permitting traffic and sale of and possession of dangerous drugs, possessing distilled spirits on premises licensed only for sale of beer, and possession of a blackjack.

The department announced also it has denied the application of Toni G. Simmons to take over the license at the Playmate premises on grounds reactivation of the license would permit a continuance of a public nuisance.

# Blighted Buildings Torn Down

Three blighted buildings at 614-618 E. 220th St. in the Carson area are being leveled by the county on orders of the Board of Supervisors.

The vacant structures—two houses and a garage—are being demolished as public hazards, Supervisor Kenneth Hahn said.

"They are open to children, badly vandalized and dangerous fire threats to the entire neighborhood," he added.

County building inspectors of the Department of County Engineer discovered 29 sub-standard conditions in the structures.

# WOMEN SUFFER WITH BLADDER IRRITATION

Common Kidney or Bladder Irritations affect twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at drugstore today.
